TCW is requesting a huge price increase. J assume they are trying to recoup the cost incurred in repairing the pumping station (sewer) on point clear drive which is next door to my house. I have been living here since 1975 and they have been having trouble with this station since i moved in. They only have done stop-gap measures all these years. Finally they have done major repairs in the last couple of months.

I strongly object to this price increase since they had increases in 1999 ,2006,and2010. We were told these were to repair their equipment. Yet they waited until 2012.

I am 80 years old ,on fixed income-, and simply cannot afford the increase.

3. Do you wish to make an appearance at a hearin	g in this proceeding , if scheduled, and offer sworn testin	mony? *

NO.
